Hi Rick,

I've attached the most recent SDS list for you. The additional spreadsheet includes projects ongoing at the moment. I can research them a bit more but these were queried from IHS. I did a cursory review of the document that you sent and I do recognize some of the project numbers but I didn't do a great amount of digging to connect what I'm sending you with your document – since I wanted to get this out quickly. I can do that over the next day or so and touch base with you if you think it's needed. There were some project completed in the recent years but those are not listed on the documents I have attached. Thank you

Johnny,

Hi. In preparation for this funding summit, can you please let me know where Warm Springs sits with respect to receiving DW or CW TSA funding? I'm attaching a spreadsheet that Wenona got from the tribe.

Thanks.

Thanks for the update Joe. I'm glad Rick will be able to come and that the Ground Water and Drinking Water Section will be represented. I will update the attendance list.
